SAINT JO, TEXAS

# Dedication

The staff of "Panther Trails" respectfully dedicates the 1957-1958 edition to Mrs. Lester Victor. She was instrumental in pu›lishing the first annual in our school, and has helped every year since then. She taught us all that we know about an annual. We respect her standards of quality workmanship and responsi-bility.

It is with this dedication as with the rest of the annual, we would like to use Eva Victor to represent all of the tireless teachers who have worked with devotion through the years in Saint Jo.

# Foreword

The present is always built on the past. We have chosen to give you a record of our school year, 1957-1958, because we are proud of its accomplishments. Our victories were many; our defeats, heartbreaking. Perhaps all of it, a good picture of life. As is the way of life we have made the present a stepping stone, linking our heritage, to our future. With pride in the past, confidence in the future, we present this annual record.

In dear old Saint Jo High School,
Beneath the Texas sun,
It's here our lives are happy
Our hours are spent in fun.
We love to work,
We love to play,
Spending many a long happy day.
And when our school is over,
And life has just begun,
We always will remember
What our school has done.
We'll always work and strive and try,
To keep old Saint Jo's ideals high.

We strive to work together and help
each other too,
In basketball, in football, in track
and tennis too.
We crown ourselves in glory bright
For the fame of maroon and white.
The faculty that helps us to reach our
higher aims,
Will share with us the glory of Saint
Jo's future fames,
We hate to think the time is nigh
When we depart from dear old Saint Jo High.

BOARD OF EDUCATION

The school sincerely appreciates the work of this group of business men who have given of their time to manage the school. They represent, in our annual, all of the men who have served in this position with little recognition or appreciation. School finances are a constant problem, besides the need of finding and keeping capable administrators and teachers. Our thanks go to a fine school board.

# Superintendent

John Henderson came to Saint Jo from Poolville, Texas. He got his B. S. from North Texas and his M. S. from T. C. U.

He has had 23 years of experience as a teacher and administrator.

# Organizations

Rings are a symbol of many things. Future rings will mean much to us but none will ever take the place of our Senior rings. They are our symbol of maturity, advancement and together a pledge of friendship such as we have found in working together in these organizations.

Jimmy Williams, President; John Henderson, Supt.; R. A. Dennis, Vice-Pres.; June Steadham, Sec.; Linda Dennis, Lucille Ivins, Pat Harris, Mike Webster, Bill Thomas Meador, Betty Jo Hutson.

The student council was organized at Saint Jo High three years ago. It has given a valuable experience in leadership training. The group has taken full charge of arranging fire drills. This year they have helped plan vacation dates, school parties, and make recommendations for school improvements.
